We are delighted to be presenting this show of 'postcards from the artist'- a group of smaller paintings by Barbara Rae RA.

For many years Barbara has returned again and again to her favourite locations in Scotland, France, Spain and especially the west coast of Ireland, to depict the changing patterns of weather and changes in the landscape in her highly charged colourful paintings. These works, even on a small scale, have a powerful dramatic impact. They are not heavily worked paintings but more 'snapshots' which capture impressionist scenes focussing on a brief moment in time.

Barbara has been a member of the Royal Scottish Academy and the Royal Academy in London for more than twenty years. She has works in many public galleries as well as works in many distinguished corporate and private collections.
